

Organisations in a New Zealand Context

Course Overview

You can understand business in a NZ context!

Make sure you have a sound understanding of the New Zealand business environment and how your organisation should operate within a New Zealand context. Learn about ethical behaviour and the bi-cultural requirements of doing business in New Zealand.

Level: 5

Fee: \$660.70

Weekly Hours: 15

Credits: 15

Weeks: 10

Learning Outcomes

On successful completion of this course students will be able to:

1. Identify the nature of business entities and their stakeholders in relation to: interests, influences and risks they are exposed to.
2. Identify and apply professional and ethical behaviour to ensure business communications are effective, conducted in a socially and culturally appropriate manner and relationships with stakeholders are developed and maintained.
3. Analyse and present evidence of how the business activities and relationships of organisations in Aotearoa NZ can be influenced by bi-cultural partnerships

Indicative Course Content

- Effective communication – oral and written to both internal and external stakeholders
- Risks - include internal and external
- Bi-cultural partnership (as embedded in Treaty of Waitangi) regional considerations
- Ethical behaviour includes widely accepted standards relating to obeying the law, being honest in dealings and showing respect for individuals, contracts, societal standards and institutions
- Socially appropriate includes environmental, community and sustainability expectations.
